

Portal:Prescriptions for final examination in Pharmacology (1. LF UK, GM)

1. 1. Rp. A drug for motion sickness
2. Rp. Antimicrobial agent in ophthalmology
2. 1. Rp. A drug that reduces cholesterol levels
2. Rp. Antidepressant drug
3. 1. Rp. Ointment with 5 % Acidum boricum
2. Rp. A drug for the treatment of oxyuriasis (for a child b.w. 20 kg)
4. 1. Rp. Glaucoma (eye drops)
2. Rp. A drug for hypertension (medium potency)
5. 1. Rp. Antibacterial drug combination for external use
2. Rp. Drug for bleeding after delivery
6. 1. Rp. Infusion of mannitol 10 % (Infusio mannitoli 10%, 500 ml)
2. Rp. Antimalarial drug
7. 1. Rp. Antiemetic drug
2. Rp. Hepatoprotective drug
8. 1. Rp. Antitussic drug with codeine
2. Rp. Diuretic drug with medium intensity of action
9. 1. Rp. Eye drops with atropine (Magistraliter)
2. Rp. A drug for the treatment of epilepsy "petit mal type"
10. 1. Rp. Nonsteroidal antiinflammatory drug for adult patient
2. Rp. Chemotherapeutic agent of urinary tract infection
11. 1. Rp. Opioid analgesic in drops (Magistraliter)
2. Rp. Antistaphylococcal drug
12. 1. Rp. Drug that inhibit lactation
2. Rp. A drug used in prophylaxis of angina pectoris
13. 1. Rp. A drug useful in collitis ulcerosa
2. Rp. An oral anticoagulant drug for patient in outpatients
14. 1. Rp. An anxiolytic drug
2. Rp. Chemotherapeutic agent for streptococcal throat infection
15. 1. Rp. A drug in hyperuricemia
2. Rp. A drug in asthma bronchiale, acute attack
16. 1. Rp. Potassium salt for p.o. application
2. Rp. A vitamin B12 preparation
17. 1. Rp. Keratolytic ointment (Magistraliter)
2. Rp. A short acting hypnotic
18. 1. Rp. A preparation containing progesterone
2. Rp. A H1 antihistaminic drug
19. 1. Rp. Paracetamol (acetaminophen) suppositories for a child (15 kg) (Magistraliter)
2. Rp. Antacid drug
20. 1. Rp. Suppositories with glycerol
2. Rp. A drug in angina pectoris (acute attack)
21. 1. Rp. Intestinal adsorbent
2. Rp. Antiviral drug for local use
22. 1. Rp. Nonopioid antitussic drug
2. Rp. Macrolide
23. 1. Rp. Infusion with 10% glucose (Infusio glucosi 10%, 400 ml)
2. Rp. A drug in status epilepticus
24. 1. Rp. Eye drops with antiseptic drug
2. Rp. Peroral antidiabetic drug
25. 1. Rp. A drug in chronic congestive heart failure
2. Rp. Urological tee
26. 1. Rp. Low molecular weight heparin
2. Rp. Antimanic drug
27. 1. Rp. Combination preparation with antipyretic-analgesic action (Magistraliter)
2. Rp. Chronic congestive heart failure
28. 1. Rp. Saline laxative (Magnesii sulfas, Natrii sulfas decahydricus) (Magistraliter)
2. Rp. A preparation containing iron
29. 1. Rp. Eye drops with 1% pilocarpine (Magistraliter with Pilocarpini hydrochloridum)
2. Rp. Potassium sparing diuretic
30. 1. Rp. Preparation with sedative action containing plant extracts
2. Rp. Nootropic drug
31. 1. Rp. Keratoplastic ointment (Magistraliter)
2. Rp. Highly potent diuretic drug
32. 1. Rp. Suspension with 5% tannin for external use (Magistraliter with Tanninum)
2. Rp. Central myorelaxant drug
33. 1. Rp. Analgesic drug for myocardial infarction
2. Rp. Vitamin E for p.o. application
34. 1. Rp. Antimicrobial preparation for eradication of Helicobacter pylori

2. Rp. Digoxin for 75 years old patient with reduced kidney functions
35.
 1. Rp. Opioid analgesic drug as injection
 2. Rp. Hypnotic drug with longer duration of action
36.
 1. Rp. Antiparkinsonian drug (most commonly used)
 2. Rp. Antihistaminic drug for gastric ulcers
37.
 1. Rp. Oral contraceptive drug
 2. Rp. Drug for onychomycosis (Antifungal drug)
38.
 1. Rp. Oral anticoagulant drug
 2. Rp. Uterotonic drug after delivery
39.
 1. Rp. A plasma substituent
 2. Rp. A commonly used neuroleptic drug
40.
 1. Rp. Hormonal drug with immunosuppressive action
 2. Rp. Drug with antiaggregating (antiplatelet) action
