

# Template:Move

The template `{{Move}}` was made for moving pages. It has one parameter, where the proposer can suggest future title of page. This template should be inserted to the discussion page of an article, not in article itself. These articles will be automatically sorted to category Move.

## Examples

- `{{Move}}`

This page should be moved

 This page should be moved. Please, write your opinions to the discussion page.

- `{{Move|ECG}}`

This page should be moved

 This page should be moved to „ECG“. It is necessary to delete that page first. We would like to ask our head editors for help.

- `{{Move|Electrocardiography}}`

This page should be moved

 This page should be moved to „Electrocardiography“. It is necessary to delete that page first. We would like to ask our head editors for help.
