Forgotten Article

Dear Ready,

I have just found your article Forum:Work Groups/Dentistry. The template `{{Under construction}}` is there longer than 30 days. Your article was automaticaly moved to category Forgotten Article. You can continue with your edits or you can just remove the template (in case, that your article is finished and you just forgot to remove the template), because nobody else can work on this article till the template `{{Under construction}}` is removed.

Thank you :-)

Dear Michaela,

I decided to remove the template as you suggested, because I have no idea about what have to be done in english paralel of dentistry and because of lack of time. This Work Group isn't finished at all, but there have to be somebody more competent to manage this workgroup.

I hope, that I have done what I had to do. :-)
