How and where to start

- I formulate an "information request" and put the topic in context (MeSH).
- What resources do I want? Books, articles, Czech or English, printed or electronic?

File catalogs

- A catalog containing in part or in whole the records of the documents of more than one library or information institution.
- Records contain library symbols that identify the owner of the document
 - *Sigla - unique location marker of the library (ABB001).*

e.g. CASLIN, MEDVIK, JIB, VPK, CKIS
