

Forum:Translation Project

Hi, this should be the homepage for the translation project by Raskaota.

How to start?

1. **Read help.** It's concise and really helpful.
2. Use these templates:
 - `{{englishcheck}}` if the translation needs to be checked.
 - `{{formatcheck}}` if the format needs to be checked.
 - `{{editorcheck}}` if the article is ready for the editor's review.

You'll find these templates as a one-click quick option just under the edit field (under the "Save changes" button).

See examples:

This article has been translated from WikiSkripta; the **translation** needs to be checked.

This article has been translated from WikiSkripta; the **formatting** needs to be checked.

This article has been translated from WikiSkripta; ready for the **editor's review**.
