

Microbiology Practicals (1. LF UK, VL)

Block of Microbiology Practicals - 2. year

Microscopic Examination

- Gram Stain
- Burri's India Ink Method
- Ziehl Neelsen Acid Fast Stain
- Methods of Staining Bacteria, Micromycetes and Parasites

Culture

- Culture Media
- Agar Inoculation
- Anaerobic Cultivation
- OF test
- ENTEROtest

Microbiological Control of Environmental Cleanliness

- Settled air samples
- Tape-stripping sampling
- Desinfection

Antibiotic Sensitivity Testing

- Disk Diffusion Method
- Minimum inhibitory concentration (MIC)
- Minimum Bactericidal Concentration (MBC)
- **E-test**

Parasitology

- Microbial Vaginal Smears
