

Template:Quote

 Documentation

[\[=edit edit \(https://www.wikilectures.eu/index.php?title=template:quote/documentation&action=\)\]](#) [\[page history \(https://www.wikilectures.eu/index.php?title=template:quote/documentation&action=history\)\]](#) [\[empty memory \(https://www.wikilectures.eu/index.php?title=template:quote&action=purge\)\]](#)

This template inserts the quote. The first parameter contains the text, the second the author of the quote.

An example of the code:

```
{{Quote|Fried eggs suck, chutney sucks, but when it's put together it somehow mysteriously works.|Arnold J. Rimmer, Red Dwarf}}
```

inserts:

 *Fried eggs suck, chutney sucks, but when it's put together it somehow mysteriously works.* 

— Arnold J. Rimmer, Red Dwarf
