The template is used to insert a link to a virtual histological slide. It has the following parameters:

- **icon1** – icon, which will be displayed as a link
- **url1** – link to the virtual slide
- **description1** – description of the slide, preferably the name and colour
- **source1** – shortcut to source
- **source_url1** – link to the source if no abbreviation is given
- **source_description1** – description of the source, if no abbreviation is given
- **Relabel** – shortcut to the source of the whole board
- **Relabel_txt** – description of the source of the whole record (if no abbreviation is given)

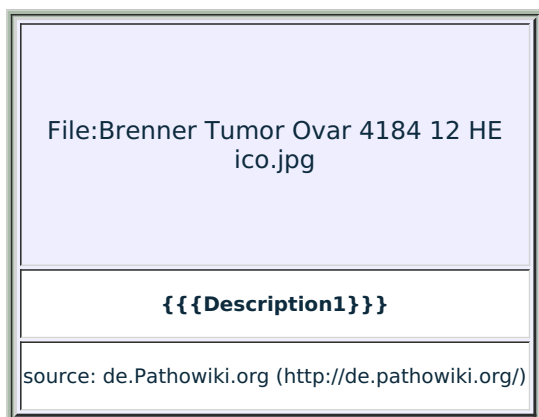

The indices *1* to *5* can be used. The **icon**, **url** and **description** parameters are mandatory. **source** can be specified by default (parameter **source**) or by using a custom description (parameters **source_url** and **source_description**). An alternative for the source parameter is the **Relabel** and **Relabel_txt** parameters, which insert a uniform descriptor under the entire virtual board.

Parameter **source** or the parameter **Relabel** can take the following values:

- **de.Pathowiki** Virtual Preparations at de.Pathowiki.org (<http://de.pathowiki.org/>)
- **en.Pathowiki** Virtual Preparations at en.Pathowiki.org (<http://en.pathowiki.org/>)
- **DiagnosticPathology** Virtual Preparations it's an appendix to an article published in a magazine.Diagnostic Pathology (<http://www.diagnosticpathology.org/>)
- **Rosai** Virtual Preparations is from Juan Rosai's Collection of Surgical Pathology seminars (<http://rosaicollection.org/>)

Example of inserting one link:

```
{{Virtual Preparations
| icon1 = Brenner_Tumor_Ovar_4184_12_HE_ico.jpg
| url1 = http://www.pathowiki.org/jpView/init?file=Brenner_Tumor_Ovar_4184_12_HE.jp2
| description1 = Brenner's tumour, H&E
| source1 = de.Pathowiki
}}
```

To insert more links:

```
{{Virtual Preparations
| icon1 = Leiomyosarkom_6914_13_HE_ico.jpg
| url1 = http://www.pathowiki.org/jpView/init?file=Leiomyosarkom_6914_13_HE.jp2
| description1 = Retroperitoneal leiomyosarcoma, H&E
| source1 = de.Pathowiki
}}
```

```

| icon2 = Leiomyosarkom_6914_13_actin_ico.jpg
| url2 = http://www.pathowiki.org/jpView/init?file=Leiomyosarkom_6914_13_actin.jp2

Using the parameter relabel:

```
