How to live like a cow in a world where people eat them.

The interesting things about cows is that some of us are born that way. They walk on four legs, weigh about 3-500 kg and produce milk in quantities unknown to the regular human. But that's not the whole story. Some of us are cows by choice, we acquire all the characteristics of one and we in most ways behave like one *Incomplete citation of web*. . [cit. 2011-10-19]. <<http://mbl.is/frettir/>>.

, even without the genetic advantage. (<http://www.cows.com>)

Some of these people are in between in the genetic spectrum, see chromosome.

A typical cow
