## Copyvio

Dear Dellsaman,

thank you very much for your articles in Hygiene and Epidemiology project, we really appreciate it. Unfortunately there is some copyright violation (=copyvio) in your article Alimentary infections. 35-40% of the text contains the same sentences (even the same order of sentences) as in several web pages:

- cholera cholera (<http://www.gpnotebook.co.uk/simplepage.cfm?ID=-395640829>)
- campylobacter campylobacter (<http://www.gpnotebook.co.uk/simplepage.cfm?ID=812318759>)
- rotavirus rotavirus gastroenteritis (<http://www.gpnotebook.co.uk/simplepage.cfm?ID=-737804275>)
- poliomyelitis polio (<http://www.gpnotebook.co.uk/simplepage.cfm?ID=1134166020&linkID=47521&cook=no&mentor=1>)
- intestinal parasites intestinal parasites in wikipedia (<http://www.gpnotebook.co.uk/simplepage.cfm?ID=1134166020&linkID=47521&cook=no&mentor=1>)

We would really appreciate, if you would rewrite these parts of your article. If you will not, your article will be probably deleted.

If you have questions, how to do it (or other questions about WikiLectures), you can ask me here on your talk page or you can send me an **(e-mail)** or you can ask my colleagues from editorial board.

Thank you for your understanding.

Dear Michaela Romerova

Thank you for letting me know about the copyright violation of the article alimentary infections, i am grateful for that and I didn't realise your note until a few hours ago . I apologise for the violation as some of the sources I used was from the notes of my senior students. I have already re-edited the article (the sections which you highlighted) and I hope they are fine now. However if it needed further editing then just let me know I shall do my best to correct it.

Thank you very much

Saman Habib

Dear Saman,

I just checked it and it is perfect now! Thank you very much for your cooperation.

## Hygiene and Epidemiology

Hello Dellsaman,

let me thank you for the great job you did with exam topics in **Hygiene and Epidemiology**. You have found out how to create an article, you have written a studying material for **thousands of medical students** and you are able to work with WikiLectures now.

We would be very pleased if you **continue in contributing to WikiLectures**. You can expand your old articles or write new ones – no matter what topic you will choose. Do not forget that editorial board is ready to help you all the time!

And if you think there should be any **improvement**, please, provide us a short feedback. Thank you very much!
