WikiLectures competition

Hello Pourgouri89,

it is a pleasure for me to announce that your article Influenza Virus won the **1st place**. It is a very good article, covers all aspects of the topic, but manages to keep in readable length and it has nice pictures. However it has a large influence from Lippincott's Microbiology – mainly in structure but also text-wise, borderline. But it is really helpful article for students of medicine and it deserves the first place!

You can see other results at [Forum:Competition](#).

Please, contact us immediately at our editorial e-mail address and we will send you more information, when and where your prize will be delivered to you :-).

Thank you for your efforts to make WikiLectures better place for thousands of students. We appreciate it and hope you will continue in your contributions to WikiLectures.
