First article

Dear Sophia,

I moved content of your article about hospitals in Prague to your sandbox. It is a space, where you can create your first articles or try some experiments. You will find it **here**. I did it, because the page, where you saved it should not be used for articles. If you are not sure, how to create new article, please read help. If you have any question, do not be afraid to contact me or anybody from our editorial board.
