Forgotten article

Hi Tumiso,

I have just found your article Dental Cements. The template `{{Under construction}}` is there longer than 30 days. Your article was automatically moved to category Forgotten Article. You can continue with your edits or you can just remove the template (in case, that your article is finished and you just forgot to remove the template), because nobody else can work on this article till the template `{{Under construction}}` is removed. Your article is pretty nice work, It would be a pity to keep it unfinished. I know, that you are beginner in WikiLectures (eligible subject student), so do not be shy and ask us. Me and our editorial board members are here for you.

Thank you :-)
